Percentage - 80%

PROFILE SUMMARY

Proficient in Java with strong problem-solving skills.

Experienced in building and optimizing code for web applications using HTML and CSS. Seeking a Java Developer role to contribute to innovative projects.

PROJECT

Project - 1

Title : To-Do List

Skills Used : Java

- Developed a console-based To-Do List application in Java, allowing users to add, view, and remove tasks.
- Implemented functionality to mark tasks as completed and view completed tasks, using arrays to track task status.
- Demonstrated proficiency in Java basics, including loops, user input handling, and array manipulation.
